OUR COMPANY:

ALFING Corporation was founded in 1992 and has since then established itself as a major supplier in the automotive and other large scale manufacturing industries. ALFING Corporation has sold over 300 manufacturing systems, special purpose machines and machining centers throughout the United States and Mexico. ALFING Corporation is the US subsidiary of the ALFING Special Machine Group that was founded in 1938. Their current product line encompasses transfer lines and dial machines, machining centers, fracture systems, nutrunner technology, assembly machines, and automation.

From our office in Plymouth, MI we provide our North American customers with complete product support, including sales, service, spare parts, project management, simultaneous engineering and system integration. Our goal is to build long lasting relationships with our customers and to provide them with complete and flexible solutions in today's ever changing environment.

With approx. 500 employees, the Group generates an annual turnover of nearly 100 million Euros.

If you are a motivated and detail-oriented individual with a passion for accounting and administration, we encourage you to apply for this exciting opportunity. Please submit your resume and cover letter outlining your qualifications and experience.
